## The Maltese Islands

Malta has been fought over for thousands of years, has temples that pre-date the pyramids at Giza and Stonehenge, has some of the clearest waters in the world, and boasts a capital city that is a baroque masterpiece. Like Croatia of 20 years ago, Malta has just now become a newly discovered travel destination for the cultural enthusiast and not as a second thought. The Maltese Islands, although small in size, offers travelers a rare opportunity to see a well preserved history and exciting present day culture.

You will be transferred to your host hotel Palazzo Consiglia within the fortified wall of Malta's capital, Valletta.

Palazzo Consiglia - Deluxe Rooms

Check-out

4 nights

Duration

Palazzo Consiglia is a traditional Maltese townhouse situated at the heart of Valletta in St Ursula Street, just a few metres away from the St Rocco's church and key attractions such as the Lower Barrakka Gardens, Valletta Waterfront and Fort Saint Elmo. This flawless building portrays Malta's rich history, with a predominant Baroque design in the lower floors, and Roman and Arabic features that can be observed in the newest parts of the Palazzo.

The concept behind the name of this Palazzo is as imaginative as it is enthralling. Consiglia is the name given to an abstract woman that embodies someone that is familiar in our daily lives. As with the Palazzo, Consiglia has many facets to her character and personality, so it is fitting that these aspects are uniquely reproduced in each of the thirteen rooms in this hotel.

Welcome Drink and Light Snacks on the Rooftop

After checking into your hotel rooms, meet the team on the rooftop of the Palazzo Consiglia for some drinks and light snacks as you take in the view of the UNESCO city of Valletta.

## Valletta Experiences

Valletta was built by the Knights of St. John after the Great Siege of Malta by the Ottomans in 1565. It is the fortified city that was said to be "Built by gentlemen for gentlemen". It boasts over 320 monuments in a .2 square mile radius, is a Baroque capital and is being recognized as the European Capital of Culture in 2018. You'll love what's in store within its main gates - a great mix of history and present day lively culture. Below are some of the included experiences in addition to meandering the main and back streets to discover Valletta`s very interesting history.

## National War Museum

The National War Museum houses a superb collection of items which takes us back to prehistoric times. Artifacts are displayed in chronological order, commencing from the early phases of the Bronze Age around 2,500 B.C.

Two halls are dedicated to Malta's important role in WW I, the Inter-War Period and Malta's historical role in the Second World War. Displayed in these halls one can find perhaps the three most important icons of this museum: the Gloster Sea Gladiator N5520 FAITH, Roosevelt's Jeep 'Husky' and Malta award for gallantry, the George Cross.

Concluding the walk through Malta's military role in history are displays dedicated to Malta's Independence, becoming a Republic, Freedom Day and Malta joining the European Union.

## St. John's Co-Cathedral - Private Afterhours Visit

Built shortly after the Great Siege of Malta (1565), St. John's Co-Cathedral's austere exterior is in drastic contrast to its sumptuous high baroque interior. You'll be in awe at the artistic masterpiece - from its tombstone laid floors to the vaulted ceiling painted in the life of John the Baptist. Around the corner and into the oratory, stand before two wonderful masterpieces by the artist Caravaggio - St. Jerome and his only signed piece - The Beheading of St. John the Baptist. The best part of this experience is that you'll be experiencing the Cathedral when it is closed to the public. What a treat!

## Lascaris War Rooms - Private Tour

The Lascaris War Rooms consist of an underground complex of tunnels and chambers that housed the War Headquarters from where the defence of Malta was conducted during the Second World War.

This secret complex contained operations rooms for each of the fighting services from where not only the air defence of Malta was coordinated, but also some of the greatest battles fought in the Mediterranean during the war.
